

Kindergarten Enrichment

Crossing Cooperative Nursery School is pleased to announce registration for our 2023-2024 Kindergarten Enrichment Program!

The CCNS Kindergarten Enrichment program is designed for children who attend an AM Kindergarten program. Under the direction of a degreed lead teacher and assistant teacher, the Kindergarten Enrichment curriculum is designed to enrich your child's kindergarten experience. Based on themes generated by the class, the children will extend their love of learning here at CCNS in the following academic areas: Language Arts/Literacy, Math, Social Studies, Science, Gross Motor, Music, and Art. In addition, there will be plenty of opportunity to explore our indoor play areas, playground and nature trail (weather permitting, of course), meeting new friends, and participating in broader themes celebrated throughout the school. It's an afternoon children will cherish in our nurturing environment.

Classes will meet every **Monday through Thursday** from 12:00pm to 3:15pm. The program runs from mid-September through May, and is limited to 16 children per class. Children must be 5 years old by September 1 to attend this class. The tuition is \$550 per month/\$4,950 per year for the four-day KE program. Children will be transported by bus directly to CCNS from their elementary school and enjoy their lunch (brought from home) together upon arrival.

As a participant in Kindergarten Enrichment, your family will receive priority enrollment over new and alumni families to CCNS during the registration process for future school years, should you be interested in other classes our school offers.

To enroll, please complete the Google Registration and payment online through our website, or a hard copy Registration Form, and return with a \$55.00 NON-REFUNDABLE* application fee (made payable to CCNS). The form and fee may be brought to the CCNS office, school mailbox or mailed to:
